

On the mobile screen, Click
this icon

to enter the app

This is the login form.

You should introduce your
Name and Surname plus
your email.

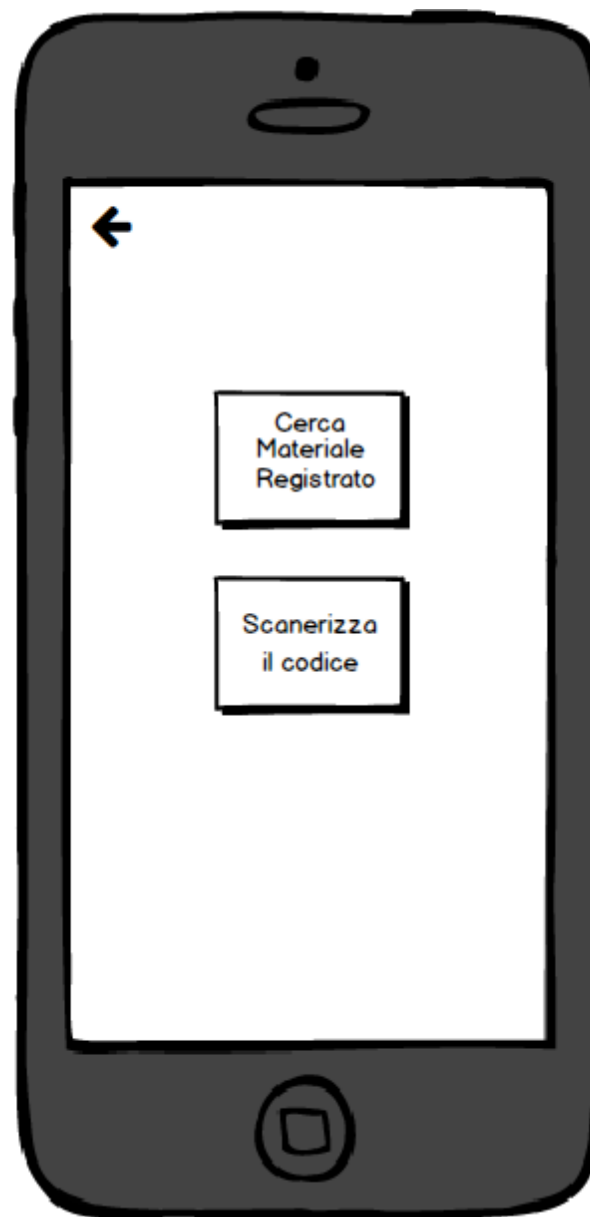

Click on the button
"conferma" to move to the
next screen

A hand-drawn sketch of a smartphone with a dark grey frame. The screen is white and displays a login form. At the top left of the screen is a black back arrow. In the center is the title 'Accedi'. Below the title are two input fields. The first field is preceded by the text 'Nome e' on one line and 'Cognome' on the next. The second field is preceded by the text 'E-mail'. Below the input fields is a button labeled 'Conferma'. The smartphone has a small circular sensor at the top and a square home button at the bottom.

This is the main screen.

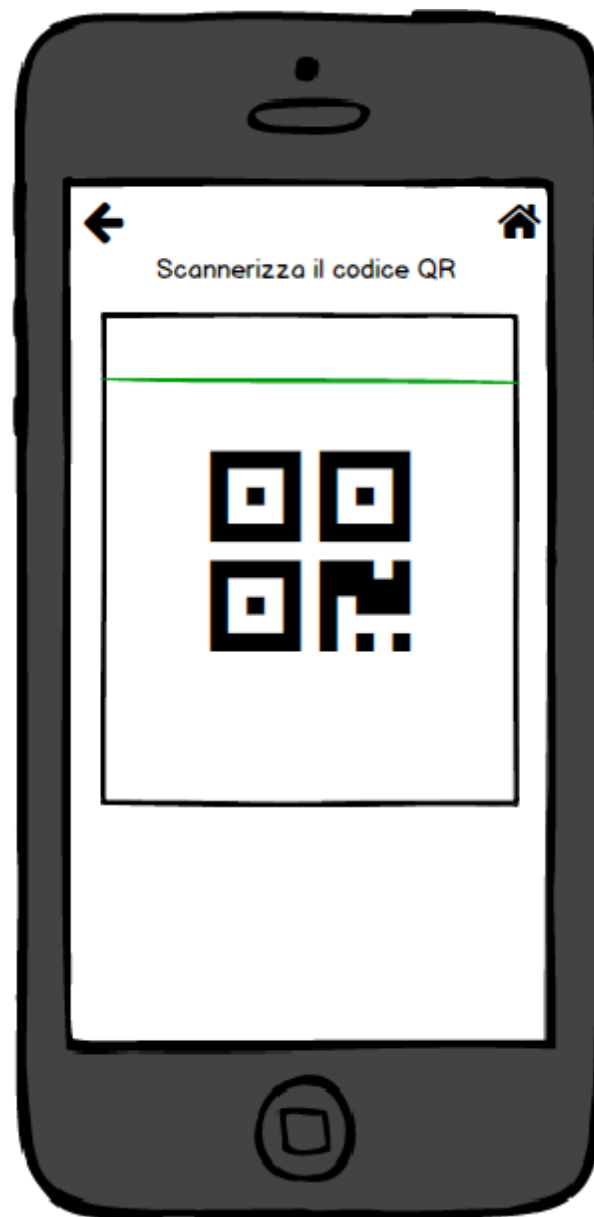

The button "cerca materiale registrato" helps you find materials. But to do that, we have to create the digital archive first!

The button "Scanerizza il codice" allows you to add new materials to the digital archive

Your mobile phone will start the camera and will read the code on the paper sheet

Click in the center of the mobile screen of the prototype to continue

Once your mobile phone reads the code, you will have to select the subject of your paper sheet. Add the name of the topic too.

After adding all this data, click on 'continuare' to move to the next screen

The image shows a hand-drawn illustration of a mobile phone screen. The screen displays a form titled "Aggiungere" (Add). At the top left is a back arrow icon, and at the top right is a home icon. The form contains two input fields: "Materia" (Subject) with a dropdown menu showing "--" and "Topic" with a text box. At the bottom of the form is a button labeled "Continuare" (Continue). The phone is depicted with a dark grey border and a circular home button at the bottom.

Once your mobile phone reads the code, you will have to select the subject of your paper sheet. Add the name of the topic too.

After adding all this data, click on 'continuare' to move to the next screen

The image shows a hand-drawn illustration of a smartphone. The screen displays a form titled "Aggiungere". At the top left of the form is a back arrow icon, and at the top right is a home icon. The form contains two input fields: "Materia" with a dropdown menu showing "Matematica" and a "Topic" field with "Frazioni". At the bottom of the form is a button labeled "Continuare". The smartphone has a dark grey bezel and a circular home button at the bottom.

In this screen you can
select the subject of your
folder

After clicking on "continuare" the app will show the data of the sheet that you want to add.

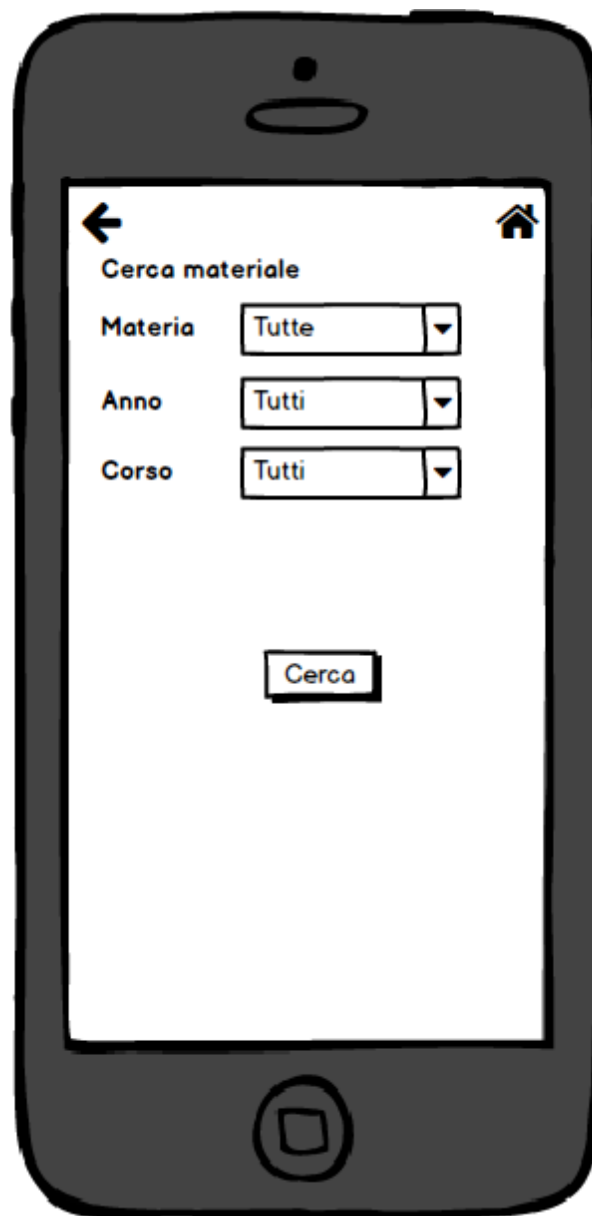

You can either cancel and correct any error or click on "ok" and proceed to the next screen.

This is the confirmation the sheet was added to the digital archive correctly

When you want to find a folder, you can search by subject, year and course

A hand-drawn illustration of a smartphone screen. The screen displays a search interface with the title "Cerca materiale" at the top. Below the title are three dropdown menus labeled "Materia", "Anno", and "Corso". The "Materia" menu is set to "Tutte", the "Anno" menu is set to "Tutti", and the "Corso" menu is set to "Tutti". At the bottom of the screen is a button labeled "Cerca". The phone has a home button at the bottom and a camera at the top.
