

On the mobile screen, Click  
this icon

to enter the app

This is the login form.

You should introduce your  
Name and Surname plus  
your email.

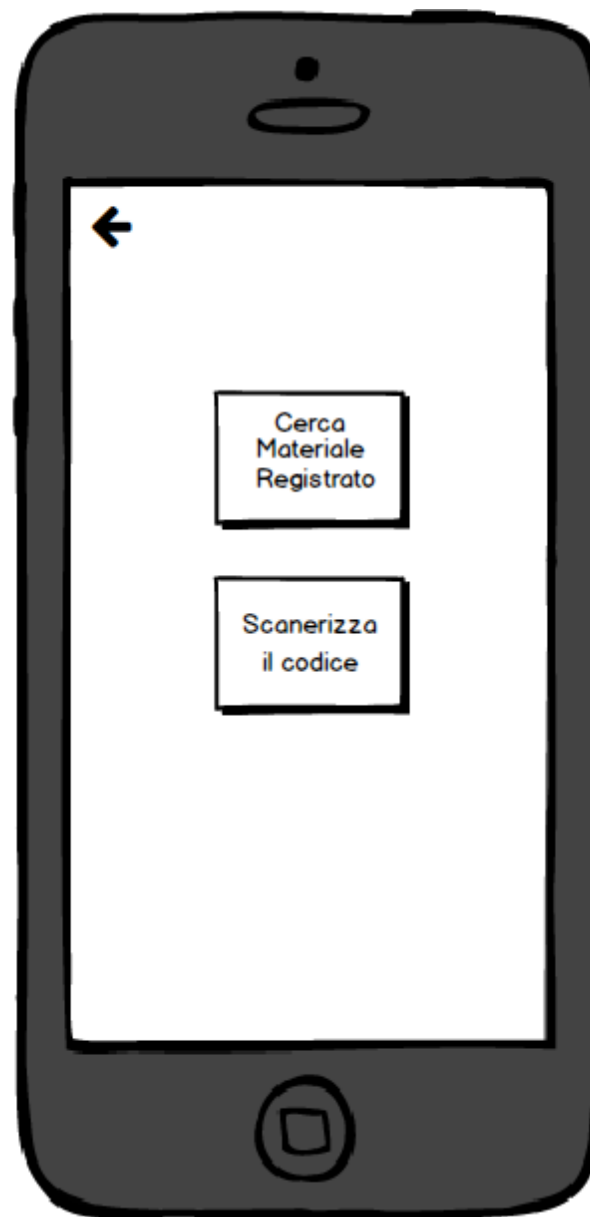

Click on the button  
"conferma" to move to the  
next screen

A hand-drawn sketch of a smartphone with a dark grey frame. The screen is white and displays a login form. At the top left of the screen is a black back arrow. Centered at the top is the title 'Accedi'. Below the title are two input fields. The first field is preceded by the text 'Nome e' on one line and 'Cognome' on the next line. The second field is preceded by the text 'E-mail'. Below these fields is a button labeled 'Conferma'. The smartphone has a small circular sensor at the top center and a square home button at the bottom center.

This is the main screen.

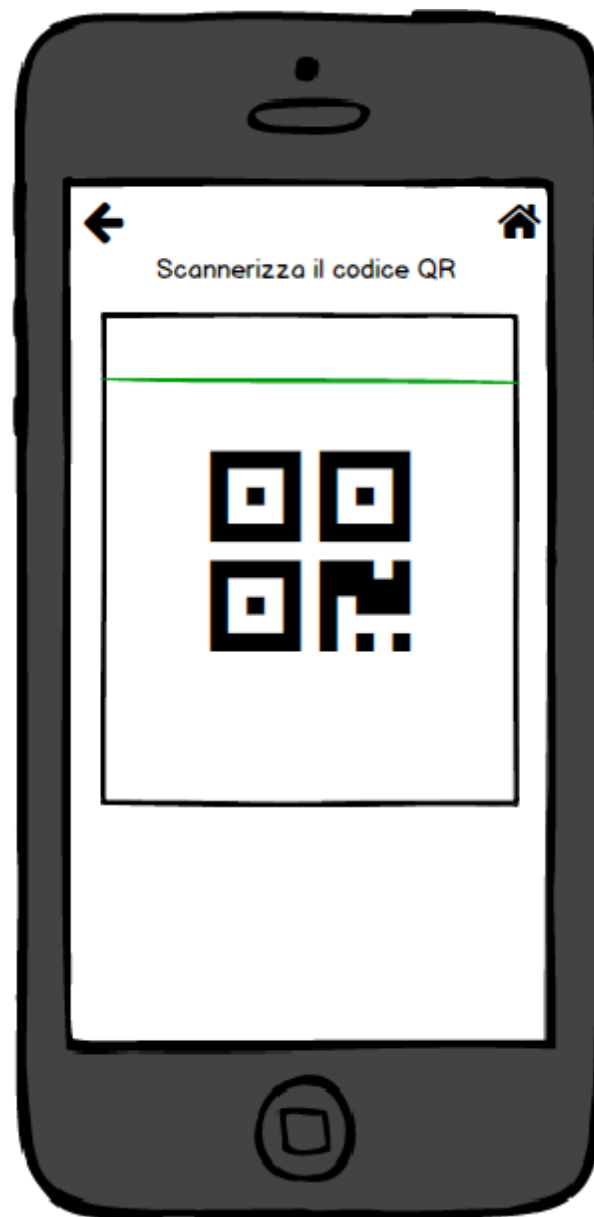

The button "cerca materiale registrato" helps you find materials. But to do that, we have to create the digital archive first!

The button "Scanerizza il codice" allows you to add new materials to the digital archive

Your mobile phone will start the camera and will read the code on the folder.

Click in the center of the mobile screen of the prototype to continue

Once your mobile phone reads the code, you will have to select the subject of your folder. You should also select the year, the course and add the name of the author of the material.

After adding all this data, click on continuare to move to the next screen

Continuare

After clicking on "continuare" the app will show the data of the folder you want to add to the digital archive.

You can either cancel and correct any error or click on "ok" and proceed to the next screen.

This is the confirmation that  
your folder was added to  
the digital archive correctly

After the folder has been added to the digital archive, it will ask you if you want to borrow.

You can accept or decline

This screen indicates you that the borrowing process has been cancelled

This screen confirms that  
you have borrowed a folder

This screen shows you the information related to the folder that you have borrowed

When you want to find a folder, you can search by subject, year and course
